

Kitchigami Regional Library

Non-Resident Borrower Fee Policy

Purpose: The purpose of the non-resident borrower fee policy is to clarify for Kitchigami Regional Library System employees and for the public the requirements for non-residents who wish a library card and the borrower privileges of that card and to establish the fee structure for those privileges.

Scope: This policy applies to borrower card applicants in all KRLS locations including branch libraries, the mobile library and headquarters. This policy applies to all non-residents of the five county Kitchigami Regional Library System.

Context: As one of Minnesota's 12 regional public library systems, KRLS participates in the state-wide provision of public library service through cooperative agreements. Except as otherwise noted, Minnesota residents are considered "residents" for the purposes of library borrowing privileges.

Definition: A non-resident of the Kitchigami Regional Library System who is a permanent resident of another Minnesota county or city that participates in its regional public library system will receive borrowing privileges without a fee.

A non-resident of the State of Minnesota who owns property, or is the immediate relation of a property-owner, in the State of Minnesota, in a county or city that participates in its regional public library system, will receive temporary borrowing privileges without a fee.

A non-resident of the state who does not own property in a participating Minnesota city or county may obtain borrowing privileges only through payment of a fee.

A resident of Kitchigami Regional Library System or other library region area whose permanent residency is in an unaffiliated city and who does not own additional property in a participating city or county in the State of Minnesota may obtain borrowing privileges only through payment of a fee.

Temporary residents on internship programs with government agencies will receive temporary borrowing privileges without a fee.

Non-resident registered students at academic institutions with permanent residency in a participating Minnesota city or county may obtain temporary borrowing privileges without a fee.

Non-resident registered students at academic institutions with permanent residency in an unaffiliated city or outside the State of Minnesota may obtain borrowing privileges only through payment of a fee.

Policy: Non-residents of the Kitchigami Regional Library System who do not satisfy the Minnesota residency or property ownership requirements stated in the definitions may receive a non-resident borrower card upon payment of a fee according to the attached schedule.

Non-resident fees will be charged and borrower cards issued in three categories:

Annual: 12 month card renewable on payment of the annual fee

Seasonal: 3 month card

Student: 8 month card

Review: The non-resident borrower fee schedule will be reviewed every two years; the policy will be reviewed every five years.

Approved by KRL Board 15 January 2004

Practice:

Fee Schedule 2004-2005

Annual	\$50.00
Seasonal	\$25.00
Student	\$35.00

Proof of Residency/Ownership

1. Non-residents will be required to provide proof of permanent residency in a participating Minnesota city or county or proof of property ownership in a participating Minnesota city or county before the fee is exempted. Proof of property tax payment will be considered proof of property ownership for a non-resident and immediate relations of the property owner.
2. A valid student card and proof of permanent residency in Minnesota will be required for all student non-resident applications.

Revenue

Non-resident fees may be paid by cash or money order or check made payable to Kitchigami Regional Library System.
