

Kitchigami Regional Library

Holiday Decorations Policy

(Branch Library Decoration and Public Display Policy)

Principle:

Kitchigami Regional Library recognizes and celebrates the diversity of the individuals and the communities we serve. Traditionally Kitchigami Regional Library branch libraries have, and should continue to, decorate the buildings or display cases with symbols that reflect the various seasonal and holiday celebrations of the community. These decorations should, however, also respect the complex values of modern society.

Purpose:

The purpose of the policy is to ensure that each branch library has a welcoming and neutral atmosphere in the use of holiday displays and decorations.

Policy:

Branch libraries of Kitchigami Regional Library may decorate to reflect the various holidays and celebrations of the community provided that these decorations are secular in nature. Appropriate seasonal secular music may be played if it enhances the library atmosphere without disturbing core library functions.

(Approved by KRL Board 7/21/06)
